SHOT WOMAN AND KILLED HIMSELF

Merchant of Washington and
Woman Found Dead in
Store.

WASHINGTON, February 12.—Leonard T. Brown, thirty-six years of age, a merchant, and Margaret Strawn, aged twenty-six, were both found dead in the rear of the former's store, No. 2124 Fourteenth Street, this city, today. The discovery was made early.

"Dinner's Coming — I Smell It"

Does Your Stomach Feel Happy When
Meal-Time Comes?

When you sit down at the air the appetizing aroma of something cooking, do you feel that you could sit down, open your mouth, and back your ears and eat with a delicious gusto, everything set before you, and not feel any bad effects from it?

In other words, can your poor stomach take care of everything and anything you put into it? There are thousands and thousands of people who do not know what it is to have a good, strong, healthy stomach, nor do they realize what it is to have a good appetite.

You can have an all-powerful stomach, and a fetching appetite for every meal, and every day, if you give your stomach a rest, and let something else take hold of your food for you and digest it as it comes into the stomach, something that is harmless but that really does the work of digesting, quickly and thoroughly.

This "something" is Stuart's Dyspepsia Tablets, the most effective little tablets in the world for curing anything that may be wrong with your stomach. One ingredient of these precious little wafers digests 3,000 grains of the coarsest or richest food put into the stomach. Think of it, 3,000 grains! They are really an artificial stomach, because they act just like the stomach, they digest your food, just as though you didn't have a stomach at all. It supplies the stomach with the juices which have become weak and scanty.

Then your indigestion, dyspepsia, sour risings, brash, belchings, acidity, fermentation, loss of appetite, aversion to food, bloaty feeling, heartburn and nausea, will be no more. You can then eat anything you want, all you want, whenever you want, and your stomach will feel fine before and after your meals. Your appetite will be a thing of pleasure to have, your meals will be a pleasure to eat, and your digestion will be thorough and soothing to the whole body.

You can't do your work well, or be cheerful, or have energy or vim or ambition, when your stomach is bad. Make yourself feel good after a meal, feel good all over, clear your mind and make you enjoy life, by taking Stuart's Dyspepsia Tablets.

Give your stomach a rest, so it can fight itself, then you need fear nothing. Send us your name and address today and get a free sample package of Stuart's Dyspepsia Tablets by return mail. After you have tried the sample, you will be so thoroughly convinced of what they can do for you that you will go to your nearest drug store and get a box of them.

Send us your name and address today, and we will at once send you by mail a sample package of Stuart's Dyspepsia Tablets, 25 Stuart Bldg., Marshall, Mich.

this morning, when two employees of the store, Claude C. Gardner and Lee H. Smith went to work. The district coroner, after an investigation, said that it was a case of suicide and murder. Miss Strawn and Brown were found lying on a cot, the latter with one bullet wound in his mouth, while the former was shot four times. A revolver was found on the floor beside the cot. Brown was a married man, with one child, and the police said that he attempted suicide recently by inhaling gas. Miss Strawn was a resident of this city.

SANTO DOMINGO TREATY.

This Government to Collect All
Debts and Then Distribute.

WASHINGTON, D. C., February 12.—The President to-day sent to the Senate the new treaty with the Republic of Santo Domingo relative to the revenues of that country. The new agreement is confined merely to the matter of collection of revenues. It sets forth in the preamble the fact that Santo Domingo has entered upon an agreement with her creditors, which is made contingent upon the fact that this country shall collect the money, and it is then agreed that the President of the United States shall appoint a receiver-general to take charge of all the funds collected, and provide means for their collection. The treaty will go direct to the Committee on Foreign Relations, and there will be a determined effort to have it reported and acted upon before the adjournment of the present session of Congress.

Many of the Democratic Senators have indicated their willingness that this should be done, but Senator Perkins, who is the leading Democratic member of the Senate Committee on Foreign Relations, has not yet given his full assent to this program.

TRAIN DASHES INTO FUNERAL PROCESSION

NEW YORK, February 12.—Two women were killed and two men badly injured at a railroad crossing in Long Island City to-day, when a Long Island Railroad train struck and demolished a funeral coach containing three persons besides the driver. Mrs. Nellie Terwilliger and Miss Sarah Halladay, of Jersey City, were instantly killed, and Elliott Terwilliger, husband of one of the women, and James Healy, of Brooklyn, driver of the coach, were seriously injured. Edward Elliott, the engineer of the train, was arrested.

MRS. GRACE FIFER WEEDS MR. R. E. L. WILLIAMS

Pretty Marriage of Virginia Lady
to Prominent Baltimore
Druggist.

[Special to The Times-Dispatch.]
HARRISONBURG, VA., February 12.—Mrs. Grace E. Fifer and Mr. Robert E. Leg Williamson, a prominent retail druggist of Baltimore, were quietly married at high noon to-day at the home of the bride's sister, Mrs. Wilmer L. Dechert, on South Main Street. The ceremony was solemnized by Rev. Dr. J. W. Duffey, pastor of the Methodist Church, in the presence of a few relatives and intimate friends of the family. The bridemaids were Misses Lillian Dechert, of Harrisonburg, and Miss Elizabeth Burgess, of Philadelphia. Mr. and Mrs. Williamson left on an afternoon train for a bridal trip, and will be at home in Baltimore after March 1st. Mr. Williamson is a member of a well-known Maryland family, and his bride is a daughter of Mr. and Mrs. William C. Greenwood, of Easton, Md., and formerly resident in Baltimore.

RESIDENCE BURNS.

Family Goes Out to Call, Re-
turning Finds House in Ruins.

[Special to The Times-Dispatch.]
SMITH'S CROSS ROADS, VA., February 12.—Mr. Emmett Farrar, who lives about six miles west of here, had the misfortune to have his dwelling and furniture completely destroyed by fire last night about 9 o'clock. Mr. and Mrs. Farrar had gone out to call on a neighbor, leaving a fire burning on the hearth, which is supposed to have popped out and set fire to the house. The building was soon completely destroyed, together with all the furniture. Mr. and Mrs. Farrar did not return until about 10 o'clock P. M., and found the above results.

There was no insurance on the furniture, and but very little on the house. Mr. Farrar's loss will be very heavy, and his many friends sympathize with him in this loss.

Mrs. Eva Moss, wife of Mr. E. J. Moss, traveling salesman for The Owens & Minor Drug Co., of Richmond, Va., in this section, has been very sick for several weeks, first with measles, which soon turned to pneumonia, and at this time her condition is very critical.

The doctors report a great deal of sickness in this section at present from measles, pneumonia, and influenza, owing to the extreme cold weather for several weeks past.

DEEPLY INTERESTED.

Teachers of Great Southwest Are
Alive to Their Opportunities.

[Special to The Times-Dispatch.]
WYTHEVILLE, February 12.—Much interest is now being manifested in educational matters in Wythe county. The next meeting of the teachers' league will be held at Rural Retreat on the 18th. At these league meetings the addresses and interchange of views on the various branches of instruction, modes of dis-

pline and other questions relating to the art of teaching has inspired an ambition among the school officers and teachers which has greatly improved the schools of the county.

The questions for discussion on the 18th at Rural Retreat will be English, music, discipline and conducting classes. Professor Willis A. Jenkins, one of the district inspectors of the State and chairman of the Jamestown educational exhibit, is expected in town on Tuesday to meet a committee of the trustees and teachers of the county for the purpose of arranging for the county educational exhibit at Jamestown.

DIES SUDDENLY.

Dr. H. C. Briggs Passes Away
Unexpectedly.

[Special to The Times-Dispatch.]
BOYDTON, VA., February 12.—A telegram was received here yesterday, stating that Dr. H. C. Briggs, of Sussex county, and father of Mr. Howard Briggs, the agent of the Southern Railway at this place, had died quite unexpectedly yesterday afternoon. Dr. Briggs was at one time superintendent of the public school of Sussex and was a prominent figure in the political affairs of his county. He was well known here, having spent a portion of his time with his son. He was a man of sterling character and for many years before his death a member of the Episcopal Church. He was about seventy years old.

FLUVANNA BANK.

Fork Union Now Has Much-
Needed Financial Institution.

[Special to The Times-Dispatch.]
FORK UNION, VA., February 12.—The Fluvanna County Bank here was opened to-day for the transaction of business. A bank has been needed here for some time, and the institution begins operation under very favorable conditions. The citizens have all taken much interest in this new banking enterprise.

Mr. Bonnie Thomas, while engaged in rabbit hunting with some friends a few days ago, received a slight wound from the discharge of a gun in the hands of one of the party. He was struck by several shots, but the wounds were not dangerous.

GIRL BANDIT ROBBING AT WILL IN WYOMING

Eighteen-Year-Old Miss Holds
Up Five Men in Road-
House.

DUBOIS, WYO., February 12.—Ethel Burrows, an eighteen-year-old girl, has turned bandit and been terrorizing people in this and other regions in Wyoming.

Several nights ago she suddenly appeared in the doorway of a roadside west of here, and, at the point of a six-shooter, compelled four men to give her all their money and other valuables, and also making the landlord empty the contents of his cash drawer into her hands.

The next night she appeared at a ranch house, and, at the point of her revolver, "stuck up" the rancher, leaving him of \$50 and a gold watch. In several instances she has "stuck up" travelers in broad daylight.

DR. DARLINGTON TO DELIVER LECTURE HERE

A lecture of public interest will be that of Dr. Thomas Darlington, who will speak in Richmond next Saturday. Dr. Darlington is chief health commissioner of New York City, and will discuss the importance of district nursing as related to public health. The lecture will be open to the public, and will be at the Y. M. C. A. Hall at 8 P. M.

CARPENTERS ARE NOW CONSOLIDATED

The carpenters of Richmond have effected the consolidation of Nos. 288, 1664 and 1180 into one union.

At the meeting last held in Sparks's Hall nearly 200 members were present, this number present representing nearly 600.

Indicted in Caroline.

[Special to The Times-Dispatch.]
BOWLING GREEN, VA., February 12.—The regular term of Caroline County Circuit Court convened this morning. Hon. John E. Mason presiding.

A special grand jury was summoned, who brought in an indictment against Hattie Chiles for malicious shooting; Luther Washington, for malicious stabbing; and John Taylor and Jennie Flood, for murder in the first degree, all of which cases were continued until April term. It was expected that these cases would be tried at this term, and a considerable crowd was present. Court will adjourn to-morrow.

Governor in Bad Health.

LITTLE ROCK, ARK., February 12.—Governor Little has left for the Gulf coast to recuperate his health. The president of the Senate has assumed the governorship, and will administer the duties of that office during Mr. Little's absence.

Armed Men Rob Messenger.

MOSCOW, February 12.—A messenger belonging to the government audit depot here, while on his way to a bank this morning, was held up by ten armed men and robbed of \$25,000. The highwaymen in their flight dropped a bag containing \$3,500, but got away with the balance.

MAN WALKS ON THE WATER FOR MORE THAN 1,600 MILES

Oldrive Wins \$5,000 Bet By Tramping the Ohio and Mississippi
Rivers From Cincinnati, O., to New
Orleans, La.

NEW ORLEANS, LA., February 12.—Captain Charles W. Oldrive to-day completed the feat of walking the water from Cincinnati to New Orleans, a distance of 1,600 miles, in forty days, lacking forty-five minutes, thereby winning the world's championship and a bet of \$5,000.

Oldrive met with an accident just before reaching the goal at the head of Canal Street that nearly cost him his life. His big wooden shoes suddenly slid outward and the water-walker turned turtle. His wife, who accompanied him all the way in a rowboat, rescued him.

Oldrive was in motion only during daylight, laying over every night at the various landings. He was equipped with shoes made of cedar wood, four feet five inches long, five inches broad, and seven inches deep.

In a gasoline boat preceding the water-walker were Captain J. W. Weatherington, of Dallas, Tex., who backed Oldrive, and Arthur Jones, who represented Edward Williams, of Boston, who laid the wager.

Neurology The Evils of Eye-Strain Conquered.

By DRS. RUDD & BUCHANAN, Neurologists.

Nervous energy or vitality operates the human machine, just as steam or electricity operates the mechanical machine. Any excessive demand upon this vital energy, or disturbance of its regular flow, is certain to show as a functional derangement of some of the organs. We point to the fact that the human eye consumes ten per cent. of all the power generated in the brain—that is, the eyes are entitled to that much by Nature's assignment; but when they are defective they will involuntarily get the upperhand of the rest of the nervous system, and use up more nerve energy than they are entitled to, sometimes as much as seventy-five per cent. of all that is generated, in their effort to overcome their defects and maintain vision. This constitutes eye-strain. With these facts in view, it is easy to see that if the eyes consume an amount of the body's supply of nerve force in excess of their natural share, some other organ must suffer, because the eyes have thus become a leak on the system, and have so exhausted the supply of vitality that no organ can perform its function perfectly, purely from lack of the necessary power to operate it. Then medical doctors will find symptoms of deranged functions and treat the symptoms. We proceed to find the cause and remove it, and the symptoms will disappear of themselves. There is nothing mysterious about this. No theory is worthy of confidence until it has been practically demonstrated. More than ten thousand successful cases, hundreds of which had tried other methods as practiced by the most eminent old-school specialists, is about the best demonstration of the superior merits of Neurology that could be given.
